

Engineering Majors:

- Unsure what lies ahead?
- Wondering if this really for you?
- Thinking about switching?
- Worried you're the only one?

Come to the #PermissionToFail Panel Discussion

Presented by iRobot

Engineers from **iRobot** (maker of Roomba) will discuss the honest truth of their (somewhat bumpy) path to an engineering career, including:

Yes, I blew
that lab, and
my GPA.

I thought mechanical
engineering meant
we made something!

But I took
Calculus in HS,
why am I in
Calc 10?

Derive what??
I can barely
understand the
question!
