

Hello,

Given IBM's legacy of diversity and inclusion, we wanted to reach out to your student organization given your mission, programs, and membership profile, and share development internship job opportunities which have been exclusively tagged to your organization. I ask that you share these positions to all your members who are currently looking for a summer internship. By applying within the next two weeks (January 29, 2019), your members resumes and application will be flagged as VIP and expedited through our recruiting process. I ask that you please do not forward this email to non members.

**We invite your members who are seeking summer internships to apply to ONE of the following development internship job opportunities that best aligns with their interest and skill set.**

**If your members have secured a internship this summer but are seeking an internship or full-time position in 2020**, please have them complete the information in this form (<http://ibm.biz/FallHiring>) so we can connect with them and share future job opportunities.

To learn more about the work IBM does, learn about the application and interview process, and diversity & inclusion initiatives, please visit <https://careers.ibm.com/page/show/developer>. In addition to applying, your members can opt in to join IBM's Talent Network, where they will receive information from IBM regarding up-skilling opportunities, interview process tips and tricks, and stories from successful IBMers currently working in your field.

Please reach out with any questions, and appreciate your support in cirulating this note amongst your student members!

Best,

**Maggie O'Shea**  
Campus Talent Acquisition Partner  
IBM CHQ, Human Resources
